OUR HISTORY

A heritage of homebuilding

Founded in Bristol in 1963, we began as a small, hands-on workshop with a clear belief in making well-built homes that bring together comfort, practicality and style. Through skilled craftsmanship, close attention to detail and a genuine understanding of how people want to live, we grew from those early beginnings into a trusted nationwide maker of park homes and lodges. As the business developed, we invested in our future by establishing our own purpose-built factory in Abercarn, South Wales, where we remain today.

More than sixty years on, that same spirit still guides us. We are proud of the skilled workforce behind our homes and of the role we continue to play in supporting jobs, craftsmanship and long-standing family connections within the local community. By building on decades of experience while continually refining our homes for modern lifestyles, we have stayed true to the values that matter most to us: craftsmanship, care, thoughtful design and a commitment to creating homes people can feel proud of.

Established 1963

Founded on craftsmanship, we have been building British park homes for over 60 years.

Customer mindset

Customer understanding has shaped our homes from the very beginning.

Design evolution

Our homes have continually evolved to reflect changing lifestyles, standards and customer needs.

Discover the joy of holiday lodge living

Owning a holiday lodge gives you a place that is always ready and waiting, offering the freedom to escape whenever the mood takes you. Whether it is a spontaneous weekend away or a longer, more relaxed stay, your lodge becomes a familiar and welcoming retreat where you can truly switch off. There is no need to plan around availability or pack for every trip – everything is just as you left it, creating a comforting home-from-home in a setting you love.

Set within beautifully maintained parks across the UK, holiday lodge living brings together relaxation, convenience and a sense of community. From peaceful surroundings and scenic locations to on-park facilities and managed spaces, everything is designed to help you unwind and enjoy your time away. It is a lifestyle that invites you to slow down, spend quality time with family and friends, and make the most of every moment, with your own private escape always close at hand.

✓ **Your own escape, whenever you choose**

✓ **Arrive, relax and enjoy your own space**

✓ **Potential rental returns**

✓ **A new home with layered warranty protection**

✓ **Create memories with family and friends**

✓ **On-park leisure facilities**

✓ **Safe, private park setting**

✓ **Managed parks with welcoming appeal**

The Stately Park Homes Standard

At Stately Park Homes we have a long history of manufacturing beautifully crafted park homes and lodges. Our company was founded in 1963, which coincidentally is the exact same year the very first British Standard for residential caravans was published.

Since then, both our company and the industry standards have evolved significantly. Today, we are proud that every home we build is constructed to the current British Standard 3632.

For our customers, this is more than just a technical certification; it is your assurance that the property is built to a specific level of durability, safety, and comfort.

What is BS 3632?

BS 3632 is the British Standard for residential park homes & lodges, setting the benchmark for homes built for year-round living. For homeowners, that means the reassurance of a home designed with comfort, energy efficiency, safety and durability in mind—so you can enjoy a space that feels warm, secure and ready for everyday life, whatever the season.

At a glance:

- Year-round durability
- Thermal efficiency
- Air quality & ventilation
- Sound insulation
- Safety features
- Energy efficiency

Members of the NCC

We are a proud member of the National Caravan Council (NCC), the UK trade body representing the tourer, motorhome, holiday home, and park home industries.

As part of our membership, our manufacturing process and our homes are regularly inspected throughout the year to ensure strict compliance with industry standards. We are delighted to state that for the past several years, Stately Park Homes has consistently achieved 5-star certification—the highest possible rating—from the NCC. This serves as an independent verification of our commitment to building homes of exacting standards.

Warranty protection built into every Stately home

Our warranty cover brings together manufacturer support, recognised third-party protection and individual product warranties, all designed to provide clarity, reassurance and peace of mind as you enjoy your new home.

10-Year Platinum Seal Warranty

Every new Stately home comes with Platinum Seal protection — an insurance-backed 10-year structural warranty scheme created for residential park homes, providing valuable long-term protection for your new home.

Our Manufacturer Warranty

From the very beginning, your home is supported by our two-year manufacturer warranty. It covers the home, its structure, and its fixtures and fittings, and is supported by our experienced Customer Care team, who are on hand to help beyond handover.

Layered cover

With layered warranty protection, your new home is supported in more ways than one. Alongside the 10-year Platinum Seal structural warranty and our manufacturer warranty, selected features, fittings and components across the home also benefit from their own supplier warranties, including windows and doors, roof tiles, heating systems and appliances, among others. Together, they provide added support and confidence for the years ahead.

A guided path to your new home

Follow the ten key milestones so you can plan your journey.

- 1

Find a park

Explore regions, amenities and lifestyle fit before settling on your preferred community.
- 2

Select your plot

Walk the available plots with the park team to understand services, orientation and key considerations.
- 3

Choose your model

Shortlist Stately homes that align with the plot size, outlook and lifestyle priorities.
- 4

Receive an initial estimate

The park will give you a guide price covering the plot works, on-site services and the home.
- 5

Refine your floor plan

Collaborate with our design team to adapt your home to suit the way you want to live.
- 6

Specify finishes and fixtures

Finalise colour palettes, fixtures, fittings and furnishings with guidance from our stylists.
- 7

Park receives final estimate

Stately issues the build price, plan and specification for your tailored home to the park, enabling them to provide your full turnkey figure.
- 8

Sign off with the park

You approve the turnkey costs, plan and specification, and the park confirms with us so we can lock in your design.
- 9

Scheduling & build

We schedule the production slot, craft your home, and share the estimated ready date with the park.
- 10

Delivery & set-up

Your park will arrange transport from our factory, oversee installation on site and prepare the home for move-in day.
